Owners Blog Spot: Summer fun! The children are enjoying fun activities and play time this summer. They're participating in arts and crafts projects, gardening and welcoming fun visitors. The older children are enjoying a few field trips also. We're keeping math and spelling skills sharp with fun activities and lessons to prepare them for the school year ahead—look for work coming home or ask Ms. Shelly if you have questions.

School will be here before we know it and we're gearing up for the year ahead. All students in the transition and primary classes are required to wear uniforms when school starts, August 27. Please see us in the office if you have questions about the uniforms or what is required. Or, visit www.parkersu.com, school code DA242727.

Enjoy the rest of the summer!
