## Welcome Back!!

We hope that everyone had a fantastic and well rested holiday break. Classes will begin on Monday, January 5th and we can't wait to see all the children back. Our second semester is going to be filled with many fun activities— the teachers are hard at work planning out the rest of the year. There will be a Parent Info Night for the Primary classes on Thursday, January 22nd at 6p.m. Parents are invited to attend this informative session to learn and see what Montessori offers the children, especially in the Kindergarten level. We are happy to see some familiar faces returning to the school as well as a couple new children joining our Montessori family.

## Martial Arts Program

Our Martial Art class has really taken off. The children really enjoy the class and the instructors are really good with the kids. Classes are held every Friday at 3:30p.m. For more information see the front desk.

## Parent Info Night

Primary class parents are invited to attend a Parent Info Night on Thursday, January 22nd at 6 p.m. Topics covered include the benefits of Montessori through Kindergarten.

## Bad Weather Make-up

The school will have a bad weather make up day on Friday, April 10th. It was scheduled as a holiday but the school will be open instead.

## Kinder Tots

We are proud to announce that 7 of our children will be performing with the Harlem Globetrotters on Saturday, January 31st. They will also have a performance at Wakeland High School on Tuesday, February 3rd during the half time show.

Whispering Farms Montessori Academy is Prosper's first (and only) Montessori school. It was founded in January 2003. Lead Teachers in the Primary and Transition program are Montessori Certified. All teachers are CPR and First Aid Certified. We have a dedicated staff and are proud to have a low turnover in teachers.

Our Goal is to provide a creative environment where each child will excel and learn at their own pace.

We would really appreciate it if parents could place a review about our school on any search engines like Google, Yahoo, etc..
